

Proposed Technical Subcommittee Recommendations
for consideration in amending
CA Citizens Redistricting Commission Government Code
12/19/11

Submitted Gabino Aguirre, Member
Technical Subcommittee

1. Statewide Database (SDB) to be funded for full inclusion and incorporation of cutting-edge technologies for filing, indexing and manipulating census data.
2. Maintain close working relationship with Census Bureau to avail Commission of new technologies and information for taking the census in 2020.
3. Investigate and utilize/incorporate new modeling techniques and methodologies for projecting population, housing and related patterns within California Metropolitan and Micropolitan Statistical Areas.
