

| Tracking Commissioner Comments re 1st Draft Map |               |                   |  |  |
|---|---------------|-------------------|--|--|
| AD/SD/CD  | District Name | Commissioner Name | Commissioner Comments  | Suggestions for improvement  |
| AD  | MARIN         | DiGuilio          | Re: American Canyon city; public comment did not want to be separated from the rest of Napa County; would like to be included back with Napa districts   | explore request in 2nd draft map   |
| CD  | SLOSB         | DiGuilio          | regarding: the ~7,000 people in Vta. Co. (taken from western city of Ventura); although earlier directions line drawers were to move the ~7,000 people needed in Vta. Co. from the Ojai Valley and take from the Western part of Ventura city; another idea is listed in suggestions | because this is a Congressional district dealing with federal issues, another option for the 7,000 people would be to take them from along the coastal communities of Ventura city; the federal coastal regulations, offshore oil issues, beach access, etc. are all shared by the coastal communities |
| CD  |               | Blanco            | 1. Move Sherman Oaks line down to Mulholland Drive (instead of Ventura Blvd).  |  |
| CD  |               | Blanco            | 2. Santa Clarita should not be with West San Fernando Valley. COI plus a mountain divide between the two areas.  |  |
| CD  |               | Blanco            | 3. Do not include Simi Valley with Ventura.  |  |
| CD  |               | Blanco            | 4. East LA/Downtown LA. Poorer communities of ELA should not be with Beverly Hills   |  |
| CD  |               | Blanco            | 5. Keep Siskiyou county whole and in the East Congressional District.  |  |
| CD  |               | Blanco            | 6. Put El Norte County with Eastern district because it is more rural and agricultural than coastal.   |  |
| CD  |               | Blanco            | 7. Put all of Sonoma County in the Coastal. The city of Santa Rosa is the county seat and belongs with the rest of Sonoma.   |  |
| CD  |               | Blanco            | 8. Sonoma county should be in Congressional district with coast and Napa wine region rather than the inland agricultural region.   |  |
| CD  |               | Blanco            | 9. Southbay cities of Torrance, Gardena Hawthorne and Lawndale should be together  |  |
| CD  |               | Blanco            | 10. Studio City should be with Sherman Oaks not Santa Clarita.   |  |
| CD  |               | Blanco            | 11. Moorpark has no road connecting to Santa Clarita and should be with Ventura  |  |
| CD  |               | Blanco            | 12. KEEP: I-80 corridor with Davis, Vallejo to Sacramento.   |  |
| CD  |               | Blanco            | 13. American Canyon with Napa in Congressional.  |  |
| CD  |               | Blanco            | 14. East Inland Empire does not belong with Morongo Valley and High Desert. Should be with Redlands and Loma Linda.  |  |
| CD  | FRENEWUNION   | Galambos Malloy   | Maintain Tri-Cities (Fremont, Union City, Newark), and keep them firmly anchored in Alameda County.  | Fremont should constitute a majority share of CD, and if we have to pick up population moving South into Santa Clara County then including Milpitas is the farthest south we should go. Suggest adjusting the Senate map concept, W/E configuration of two adjacent districts.                         |
