FROM ACADEMIA AVANCO

KEEP NE LA WITH LA

COMMUNITIES of INTEREST:

- HIGHLAND PARK
- GLASSELL PARK
- CYPRESS PARK
- MT. WASHINGTON
- LINCOLN HEIGHTS
- EL SERENO

CURRENTLY SPLIT AMONG CA SEN 22/24/26

THANKS.

#76

I am asking you to please keep together the LA City neighborhoods immediately Wor and East of downtown, because we have some of the most diverse communities in the U.S. we sharea common character and agenda.

The neighborhoods I'm talking about are boyle Heights, El sereno, Lincoln Heights, the Artist Distric Chinatown, Elysian part, Echo park, Elysian Valley, mt. washing, Highland Park Glassell, silver ~~neg~~ Lake.

what defines our community is our diversity

You can walk down the street in our commun and hear any one of dozens of Americas Asian or European languages.

The concerns we share are very urban. We care very much about-seeing LAUSD be the Best school system. it can possibly be, since it serves all of our communities and few of us have the resources to send our children anywhere else.

Community of Interest

#141

Talking Points

- Pico Union/Westlake must stay in one district (immigrant community, socio economics & local services)
- The Downtown area that surrounds L.A. Live and the USC/Figueroa Corridor must also stay together due to the sacrifices that the residents of the community has had to go through in order for these projects to be developed. Gentrification took a lot of our community members' homes due to these projects with the promise of local hiring.
- Look at the numbers from 2000 census and 2010 census and they will speak for themselves, with the fact that our community was under counted. The 48th AD has really changed as has the neighboring Assembly Districts in growth of Latino population.
- Voter registration is a reality but in 10 years all those elementary and middle school student bodies that are overwhelming Latinos will be the voters and leaders of the community.
- Boyle Heights, Lincoln Heights & other Northeast communities have more in common with Pico Union, Westlake, University Park, and Downtown L.A. than it does with Alhambra and those other small cities that are currently tied together in the 22nd Senate District.
- At the end of the day, factors like socio economics, school demographics, local & federal services, economic development, historical relations, gentrification are all valid reasons why the following communities need to remain united: Boyle Heights, Cypress, Highland Park, Eagle rock, Echo Park, Westlake, Pico Union, Downtown, Koreatown (majority residents are Latino 76%), Harvard Heights, Mid City, University Park & the northern portion of South L.A. need to stay united and represented fairly weather a Latino, African American or Korean elected official represents the district(s).

#67

My name is Marc Krupa and I have been living in North Hollywood since 1990. To better represent our communities in redistricting, I would consider the communities of Burbank and North Hollywood have similar interests- Both Warner Brothers and Universal Studios are pillars of the entertainment industry, also a major tourist destination, with many jobs available to our working families, have the Metro Red line North Hollywood as a common transportation hub, and also linked by the 134 freeway. We have to make sure that ~~the~~ entertainment jobs are kept in our community. Our community of N. Hollywood also has major business and shopping destinations along Lankershim Blvd, with new car sales lots and the No Ho Arts District. Sears and macys ~~have~~ major shopping centers, at Laurel Canyon anchor and Victory, adjacent to Sun Valley and Burbank. A large number of public parks are available for families and individuals to enjoy, all adjacent the 170 freeway in N. Hollywood

We would be better represented in the S.E. San Fernando Valley by having the communities of Sun Valley, La Tuna, N. Hollywood and Burbank in the same district. Sun Valley and North Hollywood are hubs for jobs as ~~in the~~ there are large numbers of manufacturing and industrial businesses located along Laurel Cyn., Lankershim and Ventura Boulevards
