Citizens Redistricting Committee  
1130 K Street, Suite 101  
Sacramento, CA 95814

Reference: Redistricting

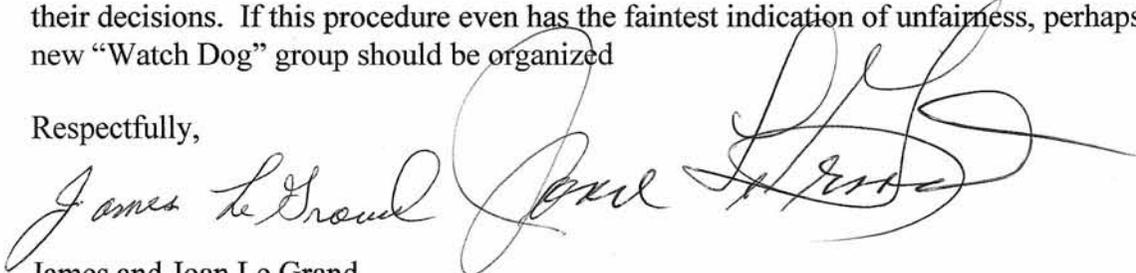

TO: All members of the Citizens Redistricting Committee

To Whom it may concern:

It has come to our attention that the Democratic Party in this State has been trying to convince the new Redistricting Committee to use the same Democratic advisers that drew the District lines ten years ago.

This is supposed to be a bi-partisan effort to draw new lines that are legitimate. I expect and demand as a citizen of California that this new Commission be fair and balanced in their decisions. If this procedure even has the faintest indication of unfairness, perhaps a new "Watch Dog" group should be organized

Respectfully,
