Subject: The NEW 35th Assembly District
To: votersfirstact@crc.ca.gov

Dear Supervisors,

I cannot attend the meeting next week, so wanted to let my feelings be known via email. I strongly urge you to adopt SANTA BARBARA COUNTY as the boundaries of the redrawn 35th Assembly District. Doing so will maintain the continuity of communities and represent a more balanced populace for future elections. The current inclusion of Ventura, and especially Oxnard in our district make no sense as there are far different concerns and issues in these areas than in Santa Barbara and North County.

The guidance is that districts should represent natural constituencies and it certainly is more consistent with these goals to use the already existing county lines.

Please USE SANTA BARBARA COUNTY as the new boundaries of the redrawn 35th Assembly District.

Sincerely,

Brian N Kopeikin, MD
