Subject: 35th California assembly District
To: votersfirstact@crc.ca.gov

As a resident and voter in the 35th California Assembly District, it is my strongly held belief that the California Redistricting Commission draw the boundaries of the 35th California assembly district to include all of Santa Barbara County. Do not include any part of Ventura County. Why? Whatever I have in common with Ventura County, I have a lot more in common with Santa Barbara County. Santa Barbara County is my county, not Ventura County.

Thank you.
