Subject: 35th Assembly District Redistricting
To: votersfirstact@crc.ca.gov

California Redistricting Commission,

I am written to this Commission in the hopes that they will seriously consider including all of Santa Barbara County into the 35 Assembly District. It unites the community and offers better representation, for all county citizens, by keeping the whole county together within the 35th Assembly District. My understanding is that the census puts Santa Barbara Counties' population almost identically in line with the number count for the new Assembly Districts, so it seems prudent and beneficial to keep our county together.

Thank you for your strongest consideration in this matter.

Sincerely,
Lana Leslie
