To the Redistricting Commission:

I understand that a meeting was held in San Luis Obispo Wednesday, April 13 seeking input on redistricting of the central coast area. I live in Scotts Valley and believe that Santa Cruz County should remain intact in any of the redistricting that is occurring. Secondly, the counties of San Mateo, Santa Clara, San Benito, Monterey, and Santa Cruz share much commonality. San Luis Obispo is an outlier to what I consider the southern part of the San Francisco Bay Area. I hope that your commission will consider this when redistricting. Thank you.
