It is URGENT that you take the redistricting out of the Legislature's hands so our local jurisdiction is protected and that communities along the 1-5 corridor be kept together.

The East/West division line does not make sense because our area is totally and completely different in all ways from those communities along the coast. We have nothing in common.

If you cluster in the north we will lose Congressional members which limits representation of our rural areas.

These lines should be redrawn similar to those by judges on 1990, rather than politicians of 2000.

Please have an independent commission please look at the plan drawn by independent judges in 1990. Partisan politics do not belong in this discussion.

Thank you,

a voter and very concerned citizen
