Dear Commissioners,

I am writing to share my thoughts about the redistricting process. As you embark on such an important task, I hope that you will take my comments into consideration.

I live in Simi Valley and have done so for 37 years. I have seen my community grow and prosper into what it is today. I love where I live and the people that I see daily. I would hate to see my community change. I would like to see my city and the other cities of eastern Ventura County stay united under one district. It is very important to me and the residents of this community.

Thank you in advance for completing this difficult task.

~Sue Martinez
