Sacramento, Ca. 95814

Ref: Ridgecrest, (Kern County) Ca
District Boundaries

Ridgecrest is an integral part of Kern County and provides unparalleled technology for the world's benefit through our Naval Weapons Center and sister programs with Mojave and Point Mugu. We have contributed to the growth and stability of Kern County since our inception. We have clear skies, no smog, no gangs and drive by shootings and other destructive conditions like Los Angeles and San Bernardino have and allow. We do NOT want to become part of their unstable life-style and conditions. We want to keep Ridgecrest as part of Kern County when redistricting occurs. I am the Neighborhood Watch chairperson for our neighborhood and we pride ourselves on keeping our area free of crime, a safe haven for our residents and their families. We have only to watch the 6:00 p.m. news to see what deplorable conditions exist in Los Angeles and San Bernardino and we want no part of that.

We share resources and services with Bakersfield, Tehachapi, Mojave, California City, Inyokern and Trona. All these areas provide economic stability and favorable living conditions. We want our district boundaries to remain consistent with Kern County lines. Please do not burden us with the problems of Los Angeles and San Bernardino or you will see a mass exodus from this area as we will not tolerate their living conditions and political climate.

Most sincerely,

Roger and Paula J. Leach
