From: Dee Abrahamse [REDACTED]
Subject: Long Beach Congressional Districts

Message Body:

I am unable to attend tomorrow's hearing in Long Beach, but want to emphasize the importance of having a congressional representative whose district is centered in our city, one of the largest in the state. Currently I am in a congressional district that stretches from southern Orange County to Palos Verdes, and I don't feel that the issues of our city get attention from our congressional representative. Other parts of the city are in districts centered in Lakewood or western smaller cities, leaving us with no representative with a core Long Beach district.
