Message Body:

Dear Commission:

Thank you for taking on the task of redistricting. I urge and employ you to redraw the districting lines to assure non partisan politics. You can achieve this by using the Zip Codes as your means of drawing the lines. In this fashion, a blind and fair eye will yield the reason my Father's family came to San Jose, Santa Clara County in 1912. And, my Mother's family came to San Francisco in 1890. They came here to be free of the anguishes of old world stagnation in thought and sole.

Best Regards  
Rob March
