**Conversation:** RE the Redistricting of Lakeside

To the **California Citizens Redistricting Committee**

It has been brought to my attention that there is the intent to merge the Lakeside and other

East County Communities into, and would be thereby absorbed into the Imperial County area

There is little in common with the areas of Lakeside, and the rest of the East County Communities

with this geographical district and I, as a 73 year resident, strongly object to your considering this idea.

Please leave all of our district as they currently exist.

Don L. Buckel
