Subject: My Priorities for Redistricting

Message Body:

I've lived in the Bay Area for over 45 years, and urge that the Redistricting Process give major attention to the following:

- 1) That the District Lines respect:
 - a) city, county and natural geograhpic boundaries; and,
 - b) major transportation corridors.
- 2) That District Lines Are Not Used to Gerrymander, or target any specific Incumbent.

Thank you for considering my input !

Congressional, Senate and Assembly Districts

I have been involved with costal communities all my life. They have special needs .
My involvement in the fishing industry has been from the Canadian border to the Mexican
border. The waterways we transient requires that the 101 corridor stays in tact.
I have been a fisherman, marine safety instructor, Harbor commioner, appointed to the
federal CFIVSAC committee for safety of commercial fisherman and part of the very
important Coast Guard Auxiliary that supports our United States Coast Guard.
Do not redistrict our coastal towns.
