Commissioners! Keep CD45 in Riverside County Only!

As a resident of Riverside County, living here in the Coachella Valley, I am dismayed and completely against the combining of Imperial County with ours.

It's is Clear, Obvious and as Different as Day and Night.

Coachella Valley and Imperial Valley have 2 different Focuses:

CoachellaValley - A distinct "COI", Tourism community, compact, suburban bedroom communities.

Points in fact:

Our shared tourism economy, which in our main revenue source

A resort community with hotels, restaurants, Spas, and events

Shared transportation/ PSP airport, Hwy 111, and Hwy 10

Close to one another and compact

We share local Media, TV radio

Numerous second home owners have primary homes LA or OC

Fastest growing retirement population in the State of California

Shared Health care, most importantly our aging population

Imperial Valley - A distinct "COI" yet very different from Coachella Valley, Agricultural, Rural, Is tied to San Diego Co. and should remain as such.

Points in fact:

Unemployment, poverty challenges not shared with Coachella Valley

Standard of living quite different, Rural, farm community

Int. 8 connects Imperial Co. to San Diego

Geographically very spread out, not compact

Shared media with San Diego Co.

Have distinct environmental issues, New River and majority of the Salton Sea

Geothermal opportunity on S. end of Salton Sea, no way tied to the Coachella Valley

Share media with San Diego Co

Shared Health care with San Diego Co

IMPERIAL VALLEY NEEDS TO STAY IN ITS PRESENT DISTRICT/ NO GRAB/ NO REDISTRICTING OF COACHELLA VALLEY!!!!!!

LISTEN TO THE PEOPLE! THIS IS NOT JUSTIFIED BY THE FACTS!

Respectfully,

Sherrri Endres
