Subject: Elected Official Input For Redistricting

Message Body:

As the Mayor of Yorba Linda, I request that you respect our city by making it whole with one assembly member and one senator. Additionally, Yorba Linda should be included with other Orange County cities rather than placing it with other counties and cities with whom we have little in common.

Yorba Linda is located 25 miles southeast of Los Angeles, is on the northern portion of Orange County and has a population of almost 69,000. We are proudly the birthplace of Richard Nixon and the Richard Nixon Library is located in our City. Our heritage is strictly Orange County.

Representation and elections should not be split and it is important to seize this opportunity to correct the division that now exists. The time has come to ensure that the public feels included in our electoral system by providing boundaries that promote confidence and transparency.

Thank you for your consideration and efforts to improve the State of California, for providing an opportunity for communities and leaders to be heard and for the possibility to hopefully resolve issues that tend to divide us.

Nancy Rikel, Mayor, City of Yorba Linda.

Subject: representation of south orange county

Message Body:

Please do not split up So Orange County or attach us to Oceanside in San Diego County. We are a vibrant and diverse community that needs specific representation of our area.

I have lived in this area for 30 years and feel it is the most cohesive community I've ever lived in. We have great schools, great weather and great people with busy active lives. We are not just a bedroom community, rather a community where many people live, work and play. We want and deserve specific representation.

Subject: Forgotten South Orange County

Message Body:

Everytime we vote for a representative I feel robbed. I am not represented by anyone in Orange County and I resent that. San Clemente is not located in San Diego County or Riverside County. We (the southern coastal areas of Laguna, Dana Point, and even San Juan Capistrano) also do not share the same mind set of those in the northern and inland portions of Orange County. Our concerns are different. We need someone who will represent US. Please don't shove us aside any longer, our votes should count matters for coastal South Orange County.

Subject: San Clements

Message Body:

What do Riverside and San Clemente have in common? Nothing - except a congressman. San Clemente is in South Orange County, not Riverside, nor San Diego. It should be in the same district of like coastal cities (Dana Point, San Juan Capistrano, the Lagunas...) We are also separated from N. San Diego county by 20 miles of Camp Pendleton. The commission definitely should give consideration to these points when redrawing the lines.

Subject: San Clemente is in South Orange County!

Message Body:

Dear Redistricting Committee:

I want my voice to be heard!! I'm tired of being lumped in with San Diego or Riverside for my assembly, senate, or congressional districts!! I live, work, shop, and play in South Orange County. I own a business, own my home, pay sales tax, educate my children and vote in South Orange County. San Clemente is at the southern most tip of Orange County. We butt up against Camp Pendleton. We do not go south to Oceanside to shop or play. We go north to the other South Orange County cities, such as San Juan Capistrano, Dana Point, Newport Beach and Mission Viejo.

Keep us together!! Stop putting us with other communities where we have no common bond!! Our community of interest is geographic!!

Thank you,

Donna Carter
San Clemente
