Message Body:

hi,

I am a resident of Alameda County living in the city of Fremont. I was not able to come to the redistrict commission hearings so am sending my testimony thru this form.

Living in the city of fremont, we go to shopping in Fremont, Newark, Union City and Milpitas and the residents from those cities come and shop as well as eat in our city. I strongly feel that these cities should stay together in a congressional district. This would ensure that our Communities of interest can continue to stay together and grow together and can have our voice heard for the good of the country. And we can also do our part to ensure that we participate in growing our adopted country..
