Message Body:

We moved to Orange County in order to NOT be affiliated with LA County politics. This is an obvious ploy to silence the conservative voice of Los Alamitos and Rossmoor, by placing our vote with a very liberal voting base. The city of Long Beach does not provide me police, fire or any other public services. We have NO voice, nor should I have a voice in Long Beach politics. Why in the hell does Long Beach have a voice in MY politics. We strongly OPPOSE the redistricting measure and will do EVERYTHING possible to fight it!

I saw the maps and I agree with the way your are drawing the lines. Don't let groups who would want to make districts for their special interests bully you around. We need Districts that make sense based on city lines not based on how many registered democrats or republicans live in them.

Subject: Incorrect spelling of two city names

Message Body:

At the web site given below, the cities of La Habra and Yorba Linda are spelled incorrectly. They are listed as lE habra and yErba linda (capitalization indicates the incorrect letters).

Please continue as you redrawing distrcits as you are doing. It's all gerrymandered now, the same people win over and over, and the same party represents the district where I live here in Santa Ana. Many people want to be represented by others who may have new ideas. Please do what you know is right and fair. Don't only listen to lulac and all the other cry babies. Do what is fair for everyone of all race not just Latino and Asians thank you.
