Subject: Redistricting - Dana Point

Message Body:

Dear Commissioner,

I have lived in Dana Point (Capo Bch)for 31 years. We are a very small community that does not have the ability to grow. We are completely built out. Dividing our city will be devastating.

My mother lives in Seal Beach. We have absolutely nothing in common with North Orange County. Everything is different.

There are plenty of city borders that can be used to redistrict. Please do not cut our city in half.

Thank you,

Pam Tappan

Subject: Disheartened

Message Body:

Dear Commission,

I read about your input meeting in the paper and since I live in Fullerton, decided to get up off the couch and become engaged. I did not speak, and to be honest do not feel qualified to make an opinion about how districts should be formed. But I am writing you because I do have an opinion about how they should not be.

I was sitting in the back rows, near the exit. And what I heard all around me was an organized attempt to control your input. I won't go into all the details of things that were said, but I was truly heartsore. There was a man with the LULAC group who took the names and/or checked the majority of speakers who spoke during the first 2 hours down on a clipboard. 3 people were from planned parenthood and were talking about being paid \$100 dollars to read testimony. I have lived in anaheim, anaheim hills, yorba linda and now fullerton my whole life (47 years). NEVER has ANYONE ever referred to Anaheim as the 'flatlands'. I read that in the paper today and laughed.

My point is that I hope the education and experience level the commission appears to have is bright enough to see through what was obviously an organized effort to save Loretta Sanchez's congressional district. Having absolutely NO problem with Congresswoman Sanchez, I hope she runs in whatever district you draw. But the testimony I heard there at your meeting in fullerton was NOT in anyway reflective of north orange county average citizen opinion. I hope you all have the judgement to see when you are being bamboozelled and emphasize the non-partisan criteria of city/county boundaries over what was exposed to me as partisan manipulation. Thank you for coming to fullerton and for your work. Good luck!

Honorable Chairman
Citizens Redistricting Commission 90 I P Street
Suite 154-A Sacramento, California 95814

Re: City of Dana Point, Comments on the Citizens Redistricting Commission's, First Draft of State Senate and Assembly District Maps

Honorable Chairman:

As a concerned resident of Dana Point, I strongly oppose any state Assembly or Senate redistricting plan that would (a) divide Dana Point geographically and/ or (b) place Dana Point outside of any state Senate or Assembly districts that do not include our neighboring south Orange County cities.

I strongly believe that our small city should not be divided and our entire city should be grouped with other South Orange County cities for state Senate and Assembly purposes because of the common issues our cities face. Shared issues include, but are not limited to, ocean water quality, regional transportation at both the local (Orange County Transportation Authority) and state (Caltrans) levels, regional land use planning and affordable housing.

Dividing our small city doubles the degree of difficulty in getting our interests represented while making it significantly more difficult for the representatives to understand and represent a single Dana Point consensus.

I request the Commission reconsider the state Senate and Assembly district boundaries proposed in the First Draft.

Respectfully,

Mike Horn

Subject: La Palma

Message Body:

Hi my name is Steve Hwangbo and I am 20 year resident and City Councilman of city of City of La Palma in northern Orange County. I spoke at a hearing at CSU Fullerton on Saturday.

Again, you put us in a congressional district (Long Beach Port) which has nothing in common with us. Our "Community of Interest" are our neighboring cities mostly in Northern Orange County such as Cypress, Buena Park, Fullerton, Los Alamitos, and Cerritos. We share community events such as Relay for Life, school districts (both elementary and secondary), frequently hold joint programs with chamber of commerce from these cities. We shop at businesses in each other's city and we attend churches in each other's city. We absolutely are homogeneous in these cities.

We strongly urge you to group these cities together for Congressional, Assembly, and Senate districts.

If you need more information, please contact me.

Thank you.

Honorable Chairman:

I respectfully, but strongly, oppose the proposed plan to divide Dana Point for state Senate and Assembly purposes...We are a small city and this would NOT serve our best interests over a number of issues.

I will very aggressively work to oppose this process.

Respectfully,

Kent Wellbrock

To: <[REDACTED]>

Citizens Committee---splitting a small city like Dana Point in half will not work and could create enormous problems. It shouldn't be necessary to bifurcate a small city in order to have a fair redistricting and the problems of Dana Point as a whole are common with it surrounding neighbors such as San Clemente and San Juan Capistrano. Please reconsider your last proposal and leave Dana Point intact and aligned with the surrounding cities. Thank you, Dick Mackaig 23821 Salvador Bay, Dana Point, CA.

Subject: Redistricting

WHAT ARE YOU THINKING?!

I vehemently oppose the redistricting of Rossmoor and Los Alamitos to Long Beach. This redistricting would only serve as a political ploy. I'm so sick and tired of politicians lying, cheating and spinning stories for their political gain for the few years that they serve in office, while leaving the constituents to suffer from their greed and are left to live with the mess they created while in office. Don't we have any politicians out there that are in office to help the cities and counties they represent?

Orange County is where Rossmoor and Los Alamitos have been for years and years. If we had wanted to be a part of Long Beach we would have moved to Long Beach. My vote is NO to be sure!

Sincerely,
G. G. Miller
