Subject: I support nesting like areas and changing the 1st draft maps.

Message Body:

Commissioners:

In your first draft maps, you created two State Senate seats that should be changed. By switching the nesting of two districts, you can keep like communities together, in line with community of interest testimony you have received.

Instead of nesting Santa Clarita with Malibu, you should nest Santa Clarita with East Ventura County.

Keeping Camarillo, Thousand Oaks, Moorpark and Simi Valley connected to Santa Clarita in a Senate seat will keep inland valleys together and better represented. Historically, for over 30 years, these areas have been connected in a Senate seat.

Connecting these areas to the coast divides both the inland and coastal populations. Please keep our inland suburban valleys connected by nesting Santa Clarita with East Ventura County.

Thank you.

Combining Inglewood with Southgate sounds like a totally stupid idea.

I do not see any evidence of this on your web site, but was told by a local resident.

Why does it take so long to send this?

Thank you first for coming out to meet us. We all were so grateful for you to do so. I actually had a question first. When drawing these boarders or boundaries; it seems the people are so concerned about where these boundaries are drawn, even more-so, down which street and disconnection with which area home.

Are we able, or do you send out someone to the neighborhoods to see which & how is the best orderly manner to redraw districts.

Along aqueducts, alley ways, behind coldasacks, through wash-ways, etc.

Thank you so very much again.

Subject: Inglewood-Southgate

Message Body:

I am not sure where Southgate is located. As a resident of Inglewood I have never had the need to go there in almost 20 years. So, I would not consider this a "Community of Interest" as the commission has designated. We do not share common living standards, use the same transportation, shared media access and outlets, or common goals.

Inglewood is 20 mins from the ocean, so we really don't even have similar geographic descriptions. Inglewood has historic interest with the cities located in the southbay region: LAX communities, Westchester, Hawthorne, Gardena, Lawndale not to mention the Crenshaw District which abuts our north border. These cities are the ones we will be working with in regard to the hugh lightrail project coming into the area in 2012.

Please reexamine this boundary more carefully and reconsider your inital draft.

We in Santa Clarita have different values than the San Fernando Valley, therefore the redistricting is uncalled for. It will not work for us.

We are a caucasian family living in a caucasian neighborhood. Please do not put the western part of Hawthorne, CA into a district containing Inglewood, Athens and Compton. Subject: Santa Clarita District - We are not included!

Message Body:

We live in Newhall, south of Lyons Bl., in the Santa Clarita Valley. For some reason our neighborhood was included in the San Fernando Valley and Calabasas district rather than with the Santa Clarita Valley where we live. We want our congressional representative to be the same as our neighbors, the people we know and have the same interests as ours. We don't have the same common interests as the San Fernando Valley or Calabasas. A Congressional Representative wouldn't care about our little neighborhood that was carved out of the Santa Clarita Valley. Why did your committee cut us out of Santa Clarita? Please put us back in the district where we belong with the rest of our valley. Thank you, Wayne & Linda Pursell

I urge you in the strongest way to listen to the people and keep the communities that touch Griffith Park in the same state assembly district. We have the same outlook, culture, history, industry, and environmental concerns, and state issues. Those communities are Atwater, Los Feliz, Silver Lake, Hollywood hills and flats, and south Burbank.

We can tolerate maybe WeHo not being in the district or if WeHo is in, Burbank out, but as you drew the first drafts you have cut the community in pieces. It doesn't belong with EastLos, and it isn't "Westside" or downtown. Don't split us so much.

The community of Newhall has many, many senior citizens and Latino families that do not have transportation to take them across a mountain range to the SFV. Message Body:

Dear Commission Members:

Thank you for your dedication and hard work to ensure that Californians are able to obtain fair and adequate representation in their districts. I would like to respectfully request that you reconsider the Assembly district which links Cerritos and Artesia with cities in central Orange County and even further south to Fountain Valley. These areas are very different in terms of ethnic groups, religious institutions, and types of businsses.

Cerritos and Artesia should be grouped with surrounding cities in southeast LA county and north Orange County not making an unusual dip into the middle and south of Orange County to include towns in those areas. Thank you.
