Subject: redistricting

Message Body:

I moved to Ventura County and Thousand Oaks to get away from Los Angeles city and county. I do not want a bureaucrat deciding my future with this very strange gerrymandering.

Redistricting Commissioners,

I am writing to provide further public comment in regard to the redistricting process that is currently going on in Ventura County. I am a resident of eastern Ventura County and I am very concerned that certain cities will be split up when they shouldn't be. We moved away from Los Angeles county, in part, because of the representation of that county. So, we have no desire to NOW be included with ANY of their redistricting representation! This is unconscionable and unfair to us Ventura county residents! I urge you to include Thousand Oaks, Santa Clarita, Simi Valley, and Moorpark together within one senate district. The residents of these cities share so much and they need to be included together. It is important that you take my comments into serious consideration while completing your first draft of the new district lines.

Thank you,

Marcia Smart

Thousand Oaks, CA 91360
