It is a bit difficult to understand the maps with current "coding." However, I wish to make my opinion known as I would like for the portion of Oakland City Council District 6 and 7 to be put back in Assembly District 16. Currently, the aforementioned areas are in Assembly District 18 which encompasses Castro Valley, portions of Dublin, Hayward, San Leandro, San Lorenzo, and Pleasanton. A comparison of the socio-economic, and racial demographics of that portion of Oakland included in this district with the aforementioned jurisdictions may indicate that a crude form of gerrymandering took place during the 2000 redistricting.

Thanks you!!!
