Subject: American Canyon

Message Body:

To whom it may concern,

This is a very concerning issue regarding district line for American Canyon. I just don't speak for myself but we want American Canyon to stay in Napa County. Our community made a lot of progress and people support what's best for the whole neighborhood and we want to stay in the same district like before. Why break something that's not broken.

Thank you.

Subject: Inclusionof WHOLE Napa County in District

Message Body:

The early drawings of the new districts seem to spit Napa County into two parts. The City of American Canyon is part of Napa County and shares industry and interests. Please do not split off the end of the county! Furthermore please consider the interests of counties similar to Napa such as Sonoma vs. very different counties such as Yuba. Similar counties should be grouped together, that was the intention of the redistricting.

Subject: American Canyon in Napa district

Message Body:

Thompson, you had better be paying attention to this. If American Canyon goes to another district, you lose control. Losing control brings into play the real possibility of a gaming casino coming into Napa county, without your opinion carrying the weight it should.

Earn your keep, and keep Napa county one.

Jay Worthey

Subject: American Canyon

Message Body:

I just read an article in the Napa Valley Register suggesting American Canyon may be placed with Solano County in the new redistricting plan. American Canyon is in Napa County, we pay taxes to Napa, our kids go to school there, and our Representatives know us and our concerns. Please do not put take our community of Napa county!

Thank you!

Subject: County Redraw

Message Body:

I would like to express how infuriating it is to hear that Napa County wants to redraw district lines and throw American Canyon over to Solano County. Had American Canyon been part of solano county I would never have moved there. It's insulting that they would do such a thing. Please keep American Canyon part of Napa County and help preserve our city.
