Greetings,

Thank you for the opportunity to comment on your draft maps. I commend the Commission, staff, and consultants for the high quality work accomplished in a relatively short time. I have one small suggestion: The Assembly map would work better for us with a minor change. As drawn, the border between Napa and ECC crosses the Napa-Solano border continuing south to a PG&S transmission line easement. It then continues SSE to the City of Fairfield city limits where it follows the city boundary to Green Valley Road and goes south.

I suggest a slight alteration: instead of using the PG&E easement, continue south on Suisun Valley Road to the City of Fairfield city limits just south of Rockville Road, then follow the city limits west to Green Valley Road. This would add 315 people to the Napa Assembly District. The change looks like this:

Attached are zipped Maptitude files and a csv txt file of the census blocks involved.

I apologize for not having data to suggest an equivalent area to offset the 315 people in this area. Thank you for your consideration.
