Subject: re-districting lines

Message Body:

Please do not create lines for PARTIES SAKE. You know what I mean as these approaches to redistricting give weird districts for grabbing voter. When you live and work in your own community you are keenly aware that outsiders influence can wreak a delicate school system or community services. Please be accountable in ALL Matters at hand. Old business styles and modes of operations are not working and we all know why. "SPECIAL INTEREST" community should not be subjected to outside special interest - please protect our communities. thank you kindly.
