I want Calaveras, Tuolumne and Amador County in the same districts. Thank you.

Subject: Fair representation

We are always the second cousins because our population is small and our area huge, and our issues are rural. We need fair representation and we can get it if we can elect our representative as a block of three rural counties who share special issues rather than be linked in with Sacramento and Elk Grove. We DEMAND fair representation and we should have it.

We wish to support the creation of a Calaveras, Tuolumne and Amador County voting district. We think this will best reflect our regions concerns.
