Dear Commissioners,

I'm writing to ask you to resist the pressure from big industries like the wine industry and to do what is best for the people of California...not the special interests. On the North Coast that means keeping the coastal counties together as you have proposed.

We coastal communities have a lot in common and we want to be kept together.

- *We all have rivers that flow to the coast and which support at risk salmon and steelhead.*
- *We all strongly favor ocean and shoreline protection.*
- *We all have harbors which face the same issues and challenges.*
- *We have redwood parks in the north, center and south of the district.*
- *The 101 corridor is our main source of transportation and links us all together.*

Also, Western Siskiyou County folks come to the coast to shop and for culture. They are part of our coastal communities and should be kept with us as you have proposed.

Please resist pressure from politicians to change the lines. These are the best lines for the people of California we've seen in a long time.

Felice
