June 25, 2011

Dear Commissioners:

I am writing to share my gratitude and personal thanks for your efforts in having the district maps of Del Norte County reflect the concerns and interests of the majority of our community. In this regard, and notwithstanding some legitimate concerns of a rural more agrarian community, the lion share of the issues that we face here in Del Norte County are aligned with other coastal counties: our geography; our rivers; our salmon and other fisheries; our harbors; our redwood parks and tourism industries based on the coast and these state and national parks; our Hwy 101 transportation route and Caltrans district 1; our culture; joint Yurok Native American territories; shared College of the Redwoods district; shared Coastal Commission district; and all of the other shared national and state agency districts and offices which are located just south of us in Humboldt County.

I applaud you for not succumbing to the political pressures and vicissitudes of the day, and I trust that you will continue to do the right thing for Del Norte County in the days, months and years to come.

Sincerely,

Lisé Hamilton, Esq.

Resident of Del Norte County since 2004
