As a voter in Humboldt County, I was in favor of having a commission determine district boundaries, To my dismay, I am finding that the citizen commission seems out of touch with the needs in my district! This region is rural, and we share common interests with counties along the 101 corridor, not the inland counties. Our district works as it is! Leave it alone!!! Thanks.

Subject: Don't change Humboldt's district!

Message Body:

I have read that your commission plans to redraw our district to add counties to the east and remove counties to the south. This is unfair to Humboldt County because we have more in common culturally and ideologically with Mendocino and Sonoma than we do with Modoc and Plumas. We tourist and do more business with them as well. I have never even been to Modoc; I drove through Plumas once to go somewhere else. Humboldt County is not the stereotypical "rural" county that most are. We are more populous, higher-tech, and more urbane compared to Siskiyou and Tehama. And I doubt those strongly conservative counties want Humboldt in their district either. Leave our district as it is!
