**Message Body:**

Thank you for listening to the people of the far north coast, and maintaining the integrity of the coastal regions from Del Norte south through Humboldt and Mendocino counties. I am glad you recognized the communities of interest on the coast, including the watersheds of rivers flowing through those counties to the ocean. I know your job is very difficult, and I applaud your results. Thank you.

Message Body:

The draft proposal moves Trinity County into alignment with Humboldt and the other coastal counties. This is not where Trinity County should be. We have traditionally been aligned with the Sacramento Valley, and that is as it should be. Our interests are not the same as Humboldt, Mendocino, Del Norte, and certainly not Sonoma counties. We are not a coastal community, we are a mountain community and we should be aligned with the mountain communities of the northern Sierra and Siskiyou with whom we have much more in common.

Please do not take away our voice. Please leave us with the northern Sacramento Valley and the northern Sierra.

Thank you for listening and taking into account our needs on the North Coast. I am in favor of the first draft maps that show Humboldt with Del Norte, Mendocino and sometimes with Marin. It makes me feel that input really is considered. Thanks again and keep up the good work.

1. at 47 miles long the alderpoint road is sinking and sliding away even with the sincerest efforts of the county

2. one school closure a possibility

3. what would happen if the redistricting commission just cut us off entirely? nobody wants a beautiful scenic environment that does not generate \$\$\$.
