To whom it concerns -

I vote no on re-districting. Humboldt County does not need to be "grouped" w/ sonoma & marin counties. We want our own voice!! Thanks in advance for your time. -Roxie Christiansen

To: Citizens Redistricting Commission

From: Phil Nyberg D.V.M.

As a former City Councilman and Mayor of Fortuna (12 years) and member of the League of California Cities Board of Directors (8 years) I wish to commend you on your common sense approach to redistricting and avoiding gerrymandering.

I strongly support an East-West boundary of our new district pointing out that we have much more in common with the rural Northern California Counties than we do with the suburban Bay Area. The headwaters of our coastal rivers are in those inland northern areas giving us much in common as it relates to our bountiful natural resources.

I urge you to continue supporting what appears to be your initial pathway of an East-West, Coast to Sierra District.

Sincerely,

Phil Nyberg D.V.M.
