To Whom It May Concern:

I am a resident of Fair Oaks, CA, a Sacramento County community. It has been brought to my attention that new California State Senate and Assembly districts are being drawn that add Fair Oaks to districts that primarily serve Placer County residents.

Most of the issues that affect Fair Oaks are Sacramento County specific concerns and I think I would not be properly represented by an elected representative who, due to the makeup of the proposed new districts, would tend to represent Placer County interests over those of included Sacramento County communities.

Please do your best to include Fair Oaks in a district better representing Sacramento County interests. Thank you.

No to redistricting Fair Oaks outside Sacramento County!

I'm a resident of Fair Oaks and have been for 20 years. I've been active in community affairs and work full-time as a real estate agent.

It is my very strong opinion that it makes no sense whatsoever to redistrict Fair Oaks outside Sacramento County; again, I'm strongly in favor of keeping Fair Oaks in the Sacramento County and that the northeastern Sacramento County should be kept whole in a Sacramento County seat. The elected representatives in Placer County do not have my interests in mind and do not in any way agree with my views!

Thank you,

Mary Ann Williams
