As a citizen of Tehama Co, I oppose your breaking us away from Shasta, Siskiyou, Modoc and Lassen Counties.

They have a lot in common with us and nothing in common with the coastal districts and absolutely should not be lumped with them in any way!

Leave the valley and mountain areas together. They have worked well together and should stay together in a North to South region. How much common sense does it take to recognize the fact that the Coastal Region has totally different resources and problems than the Valley Region.

If it isn't broken, don't fix it !!!

Respectfully submitted,

Georgia Standridge

Keep Tehama County, Shasta County, Butte County separate from the coastal cities. We have different needs and different living here in the valley and the mountains.

thank you for your assistance in keeping these areas separate.

To Whom It May Concern:

I am a voting property owner in Tehama County. I DO NOT want to be grouped in with the coastal counties. I want to be in a group made up of Shasta, Modoc, and Tehama Counties.

I believe that coastal business is coasta business and we have very little in common.

Thank you

Robert James
