Dear California Citizens Redistricting Commissioners,

PLEASE implement your preliminary maps for CD 45 that keeps the Coachella Valley Desert Cities in Riverside County only. It truly reflects the cohesive community that we have been for many years...Our Desert Cities Community is mostly a tourism and recreational area that is unlike any other area in California! Imperial County is not a comparable area and has no relationship with our Coachella Desert Cities as it is predominately rural & agricultural.

Please do not combine these two areas into the same voting district as neither would have their distinctive & proper representation.

Respectfully,

Jeff & Linda Davis

Bermuda Dunes, ca 92203
