

Subject: Proposed Congressional Redistricting Affecting La Habra

From: Jim Kuhn <[REDACTED]>

Date: 7/17/2011 12:53 PM

To: <[REDACTED]>

I find it highly objectionable that my City of La Habra in Orange County would be forced into a district comprised of only Los Angeles County cities. My interests and the interests of the city are considerably more aligned with Orange County than L.A. County. I feel we will clearly be unrepresented in Congress as all the attention is paid to those Los Angeles County cities.

You can do better.

Jim Kuhn

Subject: Irvine

Message Body:

July 16, 2011

Honorable Ladies and Gentlemen of the California Citizens Redistricting Commission:

I have been an Irvine resident since 2007. I currently serve on the PTA of Eastshore Elementary School in Irvine and volunteer with the Irvine Public School Foundation. I wanted to thank you for your efforts over the last few weeks to keep Irvine in South Orange County where it belongs with our fellow "El Toro" cities like Lake Forest and Mission Viejo. Irvine has historically been aligned with South Orange County and has historically had opposing interests with cities in North Orange County.

I also support the latest visualizations you have that keep Irvine whole in the Congressional maps and hope you will find a similar solution for the Assembly and State Senate maps as well.

Thank you for your efforts in creating fair redistricting maps that represent the interests of the community.

Sincerely,

Yvette Ollada
Irvine Resident

Honorable Ladies and Gentlemen of the California Citizens Redistricting Commission:

As an Irvine and Orange County resident since 2007, I wanted to thank you and voice my support for the latest map visualizations that include Irvine in South Orange County legislative districts where it belongs. Irvine has historically been aligned with South Orange County and has historically had opposing interests with cities in North Orange County.

I also support the latest visualizations that keep Irvine whole in the Congressional maps and I hope you will find a similar solution for the Assembly and State Senate maps as well.

Thank you for your momentous efforts and for your consideration.

Sincerely,

Michelle Alipio

Message Body:

Dear Commissioners of the Citizen Redistricting Commission,

As an Asian American, Irvine resident and member of the Irvine City Planning Commission, I wanted to voice my support for the latest congressional visualizations that put Irvine with our fellow South County cities such as Lake Forest and Mission Viejo.

As you move forward in this process, please keep Irvine whole with our neighboring South Orange County communities of interest in all legislative district maps.

Sincerely and with many thanks,

Anthony Kuo
Irvine Planning Commissioner

Subject: La Habra is in Orange County

Message Body:

I oppose the redistricting of La Habra combined with LA county cities. La Habra is in Orange County, let's keep it that way. I am a lifelong resident and proud of La Habra. Keep La Habra in the same district as other Orange County cities.

Subject: CRC July 14 Visualizations SoCal Assembly District: STHOC

Message Body:

Re: STHOC - CRC July 14 Visualizations- SoCal Assembly . District STHOC

As concerned citizens of Dana Point, we would encourage you to go with this plan which allows Dana Point to be entirely in one district. We have much more in common with the concerns of the citizens of San Juan Capistrano and San Clemente than we do with Oceanside in San Diego County. Since our Assembly person service the smallest area, please do not divide us between Assembly people representing two separate counties. That makes no sense.

To: [REDACTED]

Although I do not live in the 48th AD, I do have many friends and family members that do. I graduated from Manual Arts High which is in the 48th AD, I also graduated from USC. These boundary lines that are being proposed are quite troubling because it clearly will affect the African-American, Latino and other demographics communities in the area. Our voices need to be heard. Many people are not aware of the political impact if this was to go through, but for those of us who do, strongly oppose your boundary lines!

Joann Fleming
