RE: Redistricting/Public Input Hearings

To whom it may concern:

As a member of the Fountain Valley City Council and longtime Fountain Valley resident, I am pleased that the latest congressional map visualizations put Fountain Valley with Huntington Beach and Costa Mesa and not linking us with Santa Ana, while still keeping the Little Saigon community of interest intact with Fountain Valley.

Thank you for respecting these vital communities of interest. Please don't make any changes that would disrupt these communities of interest.

Thank you for your consideration.

Sincerely,

Mark McCurdy
Fountain Valley City Council

Dear people:

We urge the acceptance of the July 16 redistricting map keeping Dana Point united in our district.

This also aligns us with San Juan, Laguna Niguel and San Clemente with whom we share common recreational , educational and commercial interests. Thank you.

Pat Fairbanks, President

Dana Point Civic Association [REDACTED]

I am a resident of Orange and am concerned regarding the redistricting plan proposed for Orange by the redistricting committee. Orange, Villa Park, Anaheim Hills, etc. do not have the same regional demographics and interests, or needs as Santa Ana and Anaheim. It would be inappropriate to put cities of lesser size and different priorities into a district of 2 larger cities whose interestes will dwarf ours.

There is an Orange Plan that should be seriously considered which I support. Please consider this plan and the more friendly impact this will have on the residents of Orange, Villa Park, etc.

Respectfully,
Sally Wurth

I am a resident of Tustin bordering Irvine just a couple of blocks away. I strongly support your latest SoCal Congressional map that places Irvine with Tustin and our neighboring south county sister cities of Lake Forest, Mission Viejo, and Rancho Santa Margarita. It just makes sense.

Previous visualizations put us together with the coast, an area with which we have little in common. I would very much appreciate you keeping these similar south Orange County communities together.

RE: Board of Equalization District Lines

Dear Commission Members:

The Citizen Redistricting Commission (CRC) was charged with establishing new district lines that are built around communities of interest and keeping them whole where possible. This was achieved in the 1st draft of maps for the Board of Equalization (BOE).

Orange County has unique communities that I believe are more closely aligned with that of San Diego than Los Angeles.

Orange County's business model is more closely aligned with San Diego's; therefore, if drawn into a district dominated by Los Angeles, as prepared in a subsequent draft, I believe our business community will not be fairly heard.

San Diego and Orange County have traditionally been together in the same BOE seat. Because of that, our small business owners and others who are serviced by the Board of Equalization have become accustomed to the staff in this district's office and likewise the staff has become accustomed to our region's unique business needs. For example, when we talk about South Orange County and coastal environmental needs, the staff understands that. To remove this staff and its historical knowledge of Orange County and turn it over to a staff representing Los Angeles may very well be detrimental to our communities, businesses, environmental needs and unique quality of life.

I urge you to consider supporting the 1st draft maps.

Very truly yours,

A handwritten signature in black ink that reads "John M.W. Moorlach".

John M.W. Moorlach
Supervisor, Second District
Vice-Chairman, Orange County Board of Supervisors
