Subject: Congressional Redistricting

Message Body:

I live in Simi Valley, and I don't understand why the redistricting couldn't have more closely followed the County lines? Simi and Moorpark are cut off from the rest of Ventura County. While Malibu, in Los Angeles County is joined with the rest of Ventura County. However, the City of Lancaster is split and part of the City of Lancaster in Los Angeles County is joined with the rest of Kern County? It seems logical to me, to keep the county boundaries intact, and just shift the geographical boundaries of the new congressional districts. Why have little patches of cities that do not belong in the same telephone area codes, zip codes, or counties to facilitate some joint services. Shouldn't these areas be kept together for the cost effectiveness of county, state and national administration? Otherwise, I can't see any local services coming to Simi Valley or Moorpark from Palmdale in Los Angeles County.

Subject: Splitting Simi Valley

Message Body:

Please do not do this. We are part of Ventura County and should not be split up.

Subject: Redrawing county lines

Message Body:

I as a Simi Valley citizen, do not want the lines to be redrawn. I want Simi Valley's lines to stay unchanged!

Subject: Simi Valley Redistricting

Message Body:

We moved to Simi Valley 3 years ago with our 4 month old at the time. We love it here and are now expecting another child. We moved to Simi Valley because it was in Ventura County and we need it to remain there. It is not in the best interest of its residents to redistrict this clearly Ventura County community into LA. We all moved here because of it being Ventura County, the great schools, clean air and overall feel of the city/county/community. Please do all that is in your power to keep the community intact!

Subject: Simi Valley Redistricting

Message Body:

To Whom It May Concern:

I am writing regarding redistricting Simi Valley into Los Angeles County. I am against this change. I have been a resident of Simi Valley for over 20 years and believe it is better suited to be a part of Ventura County rather than Los Angeles. There is a natural boundary between Simi Valley and where Los Angeles County begins and I would like the boundary to remain intact as it is. Thank you.
