Dear Commissioners:

We, the undersigned, community members hereby submit our petition for a fair redistricting of our community. The content of our request is expressed in our petition attached here.

Thank you for allowing us to submit this petition via email whereas having to do so in person would have proven impossible.

RE: Comments About Visualizations for Fresno County districts

We, the undersigned, submit these comments in response to the Commission's July 2, 2011 Senate visualizations for Fresno County districts. It is difficult to see neighborhoods in the Senate visualizations posted on the Commission's website, but it appears that much of the Southeast Asian neighborhood has been placed into a Kings County district. While the Southeast Asian neighborhood is very different from the northern portions of the City of Fresno in terms of socioeconomic factors, we are Fresnans. Our issues revolve around our lives in the City and County of Fresno. Splitting our neighborhood and placing some of us in a Kings County district will undermine our ability to have fair and effective representation. We understand that you are attempting to comply with the Voting Rights Act and working with other constraints, but we believe the CAPAFR June 28, 2011 Senate proposal addresses the constraints in a way that keeps us essentially whole and in a Fresno Section 2 district. It also draws the Kings County district in compliance with the Voting Rights Act.

We did not see any visualization of Fresno County at the Assembly level posted on the Commission's website. We once again ask that the Southeast Asian neighborhood be kept essentially whole. We ask that you follow your first draft map but simply trade out Sunnyside for the portion of the Southeast Asian neighborhood directly south of Sunnyside.

Respectfully,

A handwritten signature in black ink, appearing to be the name 'S. S. S.', written in a cursive style.

RE: Comments About Visualizations for Fresno County districts

We, the undersigned, submit these comments in response to the Commission's July 2, 2011 Senate visualizations for Fresno County districts. It is difficult to see neighborhoods in the Senate visualizations posted on the Commission's website, but it appears that much of the Southeast Asian neighborhood has been placed into a Kings County district. While the Southeast Asian neighborhood is very different from the northern portions of the City of Fresno in terms of socioeconomic factors, we are Fresnoans. Our issues revolve around our lives in the City and County of Fresno. Splitting our neighborhood and placing some of us in a Kings County district will undermine our ability to have fair and effective representation. We understand that you are attempting to comply with the Voting Rights Act and working with other constraints, but we believe the CAPAFR June 28, 2011 Senate proposal addresses the constraints in a way that keeps us essentially whole and in a Fresno Section 2 district. It also draws the Kings County district in compliance with the Voting Rights Act.

We did not see any visualization of Fresno County at the Assembly level posted on the Commission's website. We once again ask that the Southeast Asian neighborhood be kept essentially whole. We ask that you follow your first draft map but simply trade out Sunnyside for the portion of the Southeast Asian neighborhood directly south of Sunnyside.

Respectfully,
