Dear Commissioners,

My name is Carmela Perez and I live in Modesto and work in Turlock. I am writing to thank you for doing such a good job on the map you've drawn for my area. Your title for it is MRCED and is the assembly district that includes Merced and Stanislaus County.

I thank you for keeping the poorer, less affluent and diverse area of southern Modesto together in one Assembly district and for putting Turlock, northern Modesto, Riverbank and Waterford together in another district. Thank you for honoring our neighborhoods and for keeping our southern Modesto area whole. Please don't change it in any way.

In Appreciation,
Carmela Perez

Dear Commissioners,

I wrote to you a few weeks ago to thank you for placing Turlock in an Assembly district separate from Merced County and the southern Modesto area of Stanislaus County. I noticed online that you didn't change the district during your second review and I am thankful. Our son, if you remember, is autistic and we are working hard to get more special ed funding for his school. By being paired with other cities in western Stanislaus who share similar struggles, we think we have a better chance of getting our elected representative to understand our little town's needs and to help my son get the help he needs. Please keep the map drawn like it is; it gives me hope.

Yours,

Tommy Flores
