To: "[REDACTED]" <[REDACTED]>

Please do not split Fremont into 2 districts where they will become invisible in both. Fremont must all be kept in 1 district.

Regards,
Sharon Rodrigues

Subject: Please, reconsider Fremont and the Tri-Cities map

Dear Commissioners:

I am concerned with the maps that you are proposing for the Tri City Congressional and Assembly districts. You have ignored the testimony from countless individuals from the Tri-City community. You have ignored the wishes of a community and have disfranchised the people that live in these communities.

Through the Tri-City Maps that were submitted, you were provided options that would address many of the changes you needed to make. On one hand you listen to concerns of some communities and address their concerns while totally ignoring ours. Why? Fremont is the 4th largest city in the Bay area.

Tri-cities needs to be represented as one. We need to keep Fremont, Newark, Union City whole. The Tri City Map that we provided you protects the communities of interest of Fremont/Newark/Union city. Community activists have attended every public hearing at Oakland, San Jose, Sacramento and San Jose. They have had a large presence every time.

I ask for you to reconsider the maps in which Fremont and the Tri-Cities are split. This cannot stand.

Maureen Donlon

Dear Commissioners:

On behalf of Alameda County Supervisor Scott Haggerty who represents the city of Fremont we are extremely concerned with the maps that you are proposing for the Tri City Congressional and Assembly districts. You have ignored his testimony and the testimony from countless individuals from the Tri-City community. You have ignored the wishes of a community and have disfranchised the people that live in these communities.

Through the Tri-City Maps that were submitted, you were provided options that would address many of the changes you needed to make. You have addressed and you listened to the concerns of some communities, while ignoring ours. Fremont has the 5th largest population in Northern California and is very diverse. The 2010 census shows a 42% increase in the Asian community in the last 10 years alone. Large communities of Indo-Americans and Afghan-Americans will also be divided from their communities of interest.

Tri-cities needs to be represented as one. We need to keep Fremont, Newark, Union City whole. The Tri City Map that was provided to you protects the communities of interest of Fremont/Newark/Union city. Community activists have attended every public hearing at Oakland, San Jose, Sacramento and San Jose. They have had a large presence every time.

I ask for you to please reconsider the maps in which Fremont and the Tri-Cities are split.

Sincerely

**Chris Gray
Chief of Staff
Alameda County Supervisor Haggerty's Office**
