Three short bullets points re Marin District Lines:

- * Marin should be solidly aligned with Sonoma County and if necessary, populations to the North and Coastal Areas.
- * Marin and Sonoma's environmental protection history and depth of experience in preserving agricultural lands is of great value to a coastal district. The Marin and Sonoma Agricultural Land Trusts are clear and positive examples of private intervention to protect the lands and jobs of those who steward those lands.
- * Density alone would ensure that Marin's voice and valuable experience never again be heard.

Thanks for your service,

Anne Wagner

Subject: keeping marin & sonoma together!

Message Body:

Please keep marin and sonoma together for political purposes. We share our economies, rural desires, culture, etc, etc. No slicing up marin! Maybe we'd take pt richmond, albany?
