Subject: Latest Northern California visualizations

Message Body:

I'm writing to say that you have the Congressional districts perfect for Northern California in your latest visualization.

In the visulization for my district, I am pleased to see Santa Rosa, Napa, Vallejo, American Canyon, Benicia, and Martinez together. Thank you for listening to and considering all public comments for and not putting Santa Rosa with Marin County. Hopefully now, Marin County will be able to develop thier own voice and become more assertive in leading their own future now that they are separated.

If you would need to change anything around, start first with the Martinez end because Santa Rosa and Napa go together well, and Napa and Vallejo go well together, leaving Martinez as the odd one out.

Thank you for your time and consideration.
