

Fwd: Redistricting of Cameron Park

----- Original Message -----

Subject:Redistricting of Cameron Park

Date:Sat, 16 Jul 2011 12:26:44 -0700

Dear Commission:

I recently made a personal commitment to find out more about my local government. During a conversation with a friend they said that Cameron Park is now (or soon to be) in the same district as Roseville. They gave me this email to learn more.

Having recently moved to Cameron Park from the Loomis/Roseville area, this seems very silly to me. My neighbors are now off the hwy 50 corridor, in El Dorado Hills and through Rancho Cordova into Sacramento.

It may be too late for me to begin participating in this debate, and everything I have seen on the internet is very complex and confusing. If anything, please make it easy for me, and everyone to participate in local government by keeping it local. I'm less likely to participate if I have to go all the way to Placer County.

Please leave the district as is, this seems to make the most sense to me.

Thank you,
