On the prelim maps for both the Assembly and the Senate, you have included Galt with East Contra Costa County and other "east bay" county segments.

Considering the basic "Community of Interest" concept, there is no rationale for including Galt with those areas. Galt's population is small enough that it should be relatively easy to adjust the boundaries so that Galt's citizens are aligned with the rest of South Sacramento County with which many common interests are shared.

Thank you for your consideration.
