Message Body:

Keep Fair Oaks in Sacramento County.

Why you ask: Fair Oaks has a distinct country atmosphere. We have a small village that is distinctly different from any other, we do not want it changed. We do not want to be lumped in with a different county that has grown beyond us. Fair Oaks will become the step-child no one wants if this is done.

I was born, raised as was my family on both sides in this small town. I own business property in Fair Oaks and do not want the problems of Placer county zoning, supervisors or tax base, etc.. I know my supervisors. They have local meetings that are easy to attend...They help us fight for what's needed in our areas. we want to keep the small town atmosphere...do not change us.
