I read that Tahoe Park, Colonial Manor, Power Inn and other surrounding communities will be connected to El Dorado County on the new map. This does not make sense to me. As a 30 year resident of Tahoe Park, my interests and concerns are far more closely connected with downtown Sacramento, Natomas, Arden-Arcade, and even West Sacramento. My daughter lives in El Dorado County, and her local problems and concerns are for the most part not related to the problems we encounter in Tahoe Park. I wonder whose interests this new map will serve? It certainly will have a negative impact on my local community.
