Message Body:

Shasta County should not be grouped with the coastal area; we do not share any of their economic/social/political concerns; La Malfa was not elected by the coastal area; he was elected by the people of the Central Valley. I am very unhappy with the proposed district lines that are currently being considered.

Please leave things as they are. Changing representation would be a huge mistake. These new representative do not live in my district and DO NOT have any idea of what we need or want! What makes you think someone outside of our district knows best? This is just a political move with no regard for the people of Shasta County who are HAPPY with our representation as is.

Dear Commissioners,

Please let Shasta County remain in the I-5 corridor. This is vital to our community. When we recreate, we travel east, not west and most of our county is east of I-5. Please do not join us with those we have least in common.

Sincerely,

Ann & Fred Meyer

Please do not lump Shasta county in with another county. We need representation of our views and values. Thank you.
