To whom it may concern --

I am a resident of Upper Mandeville Canyon in the Santa Monica Mountains in the Brentwood neighborhood of Los Angeles. It is vitally important that the Santa Monica Mountains community of interest be drawn together in the same District. We ask that you preserve the community of interest that is comprised of Malibu-Topanga-Pacific Palisades-Santa Monica-Brentwood-Encino-Sherman Oaks. Please do so simply by combining the two proposed Assembly Districts (LAVSF and LAMWS) to draw the EVENT Senate District boundary. These two Assembly Districts have a population of 931,000, which is the size of a single Senate District. By drawing the EVENT District lines in this manner, the Commission would preserve our Santa Monica Mountains community of interest.

Thanks, Don MARRS

Dear Sir or Madam:

I am writing to express my concern about the proposed state senate redistricting affecting my neighborhood. I live in Upper Mandeville Canyon in the Santa Monica Mountains in the Brentwood neighborhood of Los Angeles. It is extremely important that the Santa Monica Mountains community of interest be drawn together in the same District. We ask that you preserve the community of interest that is comprised of Malibu-Topanga-Pacific Palisades-Santa Monica-Brentwood-Encino-Sherman Oaks. Please do so simply by combining the two proposed Assembly Districts (LAVSF and LAMWS) to draw the EVENT Senate District boundary. I live at [REDACTED], which is the upper part of Mandeville Canyon, in the Brentwood neighborhood of Los Angeles. It is very important to me and my neighbors that Mandeville Canyon and the surrounding hillside communities be drawn together in the same District. I request as strongly as possible that you preserve the community of interest that is comprised firstly of Mandeville Canyon itself, (which under the July 14th proposal is now being divided into 2 separate districts), and then of the larger area of Malibu-Topanga-Pacific Palisades-Santa Monica-Brentwood-Encino-Sherman Oaks, since we all share the same primary living conditions - hillside stability, high fire hazard and flooding control, as well as utilizing the same transportation corridors.

For all these reasons I ask again that you do not divide up Mandeville Canyon and the surrounding hillsides into separate districts. Please rethink about how much the other communities I have mentioned have the same issues, and would therefore be better served by having one representative, because all of us must work together to make our community as safe as possible.

You can accomplish this by just combining the two proposed Assembly Districts (LAVSF and LAMWS) to draw the EVENT Senate District boundary. By drawing the EVENT District lines in this manner, the Commission would preserve our Santa Monica Mountains community of interest.

Thank you for considering these issues. I very much appreciate it.

Dear Redistricting Commissioners,

I hope it's not too late... I just heard about this....

I've lived in Upper Mandeville Canyon for over 20 years and feel strongly about the need for our Santa Monica Mountains communities be together in the same District. It does not make sense to separate those of us who are so inextricably connected by this special geography. Rather it is important to bind our interests together to help foster resource protection, public safety, and recreational opportunities for the greater Los Angeles residents.

Please, please preserve the Malibu-Topanga-Pacific Palisades-Santa Monica-Brentwood-Encino-Sherman Oaks community of interest. Please combine the two proposed Assembly Districts (LAVSF and LAMWS) to draw the EVENT Senate District boundary. These two Assembly Districts have a population of 931,000. As you well know, that's the size of a single Senate District. By drawing the EVENT District lines in this manner, the Commission would preserve our Santa Monica Mountains community of interest.

Thank you for your help in this matter.

Sincerely,
