Dear Members of the Citizens Redistricting Commission,

As a resident of the City of Orange, I want to thank you for your service and your attention to the needs of local communities. I have watched you struggle with how to handle our city and our desire to be kept whole inside a single congressional district.

Our city is unique. Unlike Santa Ana, which is the government seat for Orange County, or Anaheim, which has become a 24 hour tourist destination, Orange is mostly a community of quiet neighborhoods and small businesses. Putting Orange into a congressional district with Santa Ana and Anaheim would minimize our voice and our ability to receive attentive representation. Therefore, it is our desire to be linked with other similar neighborhoods and smaller communities, such as Anaheim Hills, Tustin Hills and Tustin. This will allow us to work with communities of similar interests and not be dominated by much larger or more influential cities like Santa Ana and Anaheim.

Thank you again for your service.

Sincerely, Don Bradley, [REDACTED] Orange, CA 92869.

Dear Members of the Citizens Redistricting Commission,

As a resident of the City of Villa Park and a former Councilman and Mayor of my city , I want to thank you for your service and your attention to the needs of local communities. I have watched you struggle with how to handle our city and our desire to be kept whole inside a single congressional district.

Our city is unique. Unlike Santa Ana, which is the government seat for Orange County, or Anaheim, which has become a major tourist destination, Villa Park is a tiny residential city of quiet neighborhoods, young families and small businesses. Putting Villa Park into a congressional district with Santa Ana and Anaheim would drown our voice and eliminate our ability to receive attentive representation. Therefore, it is our desire to be linked with other similar neighborhoods and smaller communities, such as Orange, Anaheim Hills, Tustin Hills and Tustin. This will allow us to work with communities of similar interests and not be rendered powerless by much larger or more influential cities of Santa Ana and Anaheim.

When looking at where to draw the district lines I would encourage you to consider the "Orange Plan" as submitted by members of the Orange City Council today.

Thank you again for your service.

Dear members of the Citizens Redistricting Commission:

As a resident of the city of Villa Park, I want to Thank you for your service and your attention to the needs of local communities.

Our City is unique. Unlike Santa Ana, which is the government seat for Orange County, or Anaheim, which has become a 24 hour tourist destination, Villa Park is a small community with quiet neighborhoods and a very small shopping center which is also the city hall and meeting place for all civic activities. Putting Villa Park into a congressional district with Santa Ana and Anaheim would serve to minimize our voice and our ability to receive attentive representation.

Therefore it is our desire to be linked with other smaller communities, such as Anaheim Hills, Tustin Hills and Tustin. This will allow us to work with communities of similar interest and not be dominated by much larger or more influential cities of Santa Ana and Anaheim.

Dear Commission Members,

I would like to thank you for your service to our state and the long hours you have put into this process of a fair reapportionment.

As a resident of the City of Orange I would ask that you please do not split up our city. The City of Orange is unique in Orange County as a city which has grown up around an historic downtown and maintains it "small town" feel. There is no way to split our city in an equitable manner.

At the same time, it is important that our city be politically attached to areas that we have much in common with. We certainly have a community of interest with communities like North Tustin, the Tustin foothills, Anaheim Hills and the city of Yorba Linda. It is important to us that our city is not be attached to central or west Anaheim or to Santa Ana. If that were to happen our city would become someone's political afterthought.

I have lived and worked in Orange nearly my entire life. Please help preserve our city!

Thanks for your consideration in this matter.

Sincerely,
Catherine

Our city is unique. Unlike Santa Ana, which is the government seat for Orange County, or Anaheim, which has become a 24 hour tourist destination, Orange is mostly a community of quiet neighborhoods and small businesses. Putting Orange into a congressional district with Santa Ana and Anaheim would serve to minimize our voice and our ability to receive attentive representation. Therefore, it is our desire to be linked with other similar neighborhoods and smaller communities, such as Anaheim Hills, Tustin Hills and Tustin. This will allow us to work with communities of similar interests and not be dominated by much larger or more influential cities of Santa Ana and Anaheim.

Thank you again for your service.

I can't even imagine how this idea to redistrict the city of Orange and lump it in with Santa Ana and Anaheim came about in the first place, though I'm sure it has to do with money or politicians. Please don't make this another example of how a few elected or volunteer persons can go against the wishes of the majority.

Dear Members of the Citizens Redistricting Commission,

As a resident of the City of Orange, I am concerned that by putting Orange and Villa Park into a congressional district with Santa Ana and Anaheim we will lose our representation. We are not a tourist destination and do not have the issues or problems that occur in Santa Ana and Anaheim. We are both small towns and neighborhoods with many small businesses. This action would only harm our town and we would not be represented with the different and diverse issues that Santa Ana and Anaheim have.

How could we receive equal and fair representation when put with these two larger and more influential cities like Santa Ana and Anaheim?

Villa Park would be completely lost in with the large cities like Anaheim and Santa Ana.

As citizens of Orange and Villa Park we wish to be linked with similar neighborhoods, such as Anaheim Hills, Tustin Hills and Tustin.

This will allow us to have equal representation and work with communities with similar interests and not lose our voice by larger cities like Anaheim and Santa Ana.

When looking at where to draw the district lines please consider the "Orange Plan" as submitted by the members of the Orange City Council.

Dear Members of the Citizens Redistricting Commission,

As a 30 year resident of the City of Orange, I want to thank you for your service and your attention to the needs of local communities. I have been paying close attention to the workings and meetings of of the commission and how you have undoubtedly struggled with how to handle our city - and our desire to be kept whole inside a single congressional district.

That is why I am writing you to express my support of the Orange Plan, submitted by the Members of my City Council of the City of Orange.

Like many cities you are dealing with, Orange is a unique city. But, unlike Santa Ana, which is the government seat for Orange County, or Anaheim, which has become a 24 hour tourist destination, Orange is mostly a community of quiet neighborhoods and small businesses – a bedroom city. Putting Orange into a congressional district with Santa Ana and Anaheim would serve to minimize our voice and our ability to receive attentive representation. Therefore, I would respectfully ask that Orange and Villa Park (our tiny neighbor city) be linked with other similar neighborhoods and smaller communities, such as Anaheim Hills, Tustin Hills and Tustin. This will allow us to work with communities of similar interests and not be dominated by much larger or more influential cities of Santa Ana and Anaheim (the largest city in the County of Orange).

When looking at where to draw the district lines I would encourage you to consider the "Orange Plan" as submitted by members of the Orange City Council today.

Thank you again for your service to our state. I appreciate your dedication.

Sincerely,

Dear Members of the Citizens Redistricting Commission,

As a resident of the City of Orange, I want to thank you for your service and your attention to the needs of local communities. I have watched you struggle with how to handle our city and our desire to be kept whole inside a single congressional district.

Our city is unique. Unlike Santa Ana, which is the government seat for Orange County, or Anaheim, which has become a 24 hour tourist destination, Orange is mostly a community of quiet neighborhoods and small businesses. Putting Orange into a congressional district with Santa Ana and Anaheim would serve to minimize our voice and our ability to receive attentive representation. Therefore, it is our desire to be linked with other similar neighborhoods and smaller communities, such as Anaheim Hills, Tustin Hills and Tustin. This will allow us to work with communities of similar interests and not be dominated by much larger or more influential cities of Santa Ana and Anaheim.

Thank you again for your service.

Sincerely,
